- The title should be at least 80 Pt.

#### Graphs and diagrams

- Graphs and figures should be readable from a distance of 8 feet (2.5 mtrs)
- They should be drawn with a minimum line width of 0.2 inch (0,5 cm)

### AT THE CONGRESS

It should be emphasized that the WGC has purposely chosen scientific posters as the major mode of free, original presentations at the congress. Posters are an excellent and important way of providing scientific information

### GENERAL INFORMATION

- One poster board will be allocated for two poster presentations
- A printed number identifying each poster board will be provided

#### Location

- Posters will be displayed in the Poster Area, which is located in the exhibition hall (Melbourne Room) of the Melbourne Convention and Exhibition Center

#### Poster mounting and taking down

- Posters will be on display for two days (Wednesday and Thursday, or Friday and Saturday)
- Posters should be mounted according to the schedule below
- Poster mounting materials will be provided
- During lunch breaks, poster presenters are asked to be present at their poster board to answer questions and provide information to interested colleagues
- Assistance and material for mounting the posters will be available from set-up time (see below), at the poster desk, located in the Poster Area
- Posters that have not been taken down by the author(s) will be removed and destroyed by the WGC Congress Organizer

#### Poster upload

It is possible to upload your poster in order to have it published in the WGC Abstract Book. As soon as your poster is finalized and ready for printing you can upload your poster [here](#).
